

A GUIDE FOR PROJECT & FACILITY TEAMS

The Consumables & Material Supply Guide

How to source project and facility materials that are genuine, on-spec and on-time — so your site never stalls waiting on the wrong material.

By ITIHAS Engineering Services

Certified EPC & Fit-Out authority · CEng · BEE · IGBC · ECBC · ISO 45001

"Building Trust. Delivering Value."

What we supply

Reliable supply is quiet when it works and very expensive when it doesn't. We supply genuine, on-spec materials with dependable delivery:

- **Electrical materials**

Cables, switchgear, fittings and consumables to spec.

- **Plumbing & sanitary**

Pipes, fittings, valves and sanitaryware.

- **Civil & finishing**

Hardware, adhesives, paints and finishing materials.

- **Safety & PPE**

Helmets, gloves, signage and site safety consumables.

- **MRO & facility supplies**

Maintenance, repair and operations consumables.

- **Procurement support**

Sourcing, comparison and dependable scheduled delivery.

Genuine materials. On spec. On time.

Verified brands and dependable delivery — your site never waits.

How we handle supply

Good supply is about specification discipline and reliable logistics, not just the lowest price.

1**Requirement & spec**

Exact materials, grades and quantities confirmed.

2**Itemised quotation**

Transparent pricing with brands and grades stated.

3**Source verification**

Genuine, warranty-backed materials from verified sources.

4**Quality check**

Materials checked against spec before dispatch.

5**Scheduled delivery**

Delivered to site on the schedule your project needs.

6**Documentation**

Invoices, warranties and test certificates provided.

6 material-supply mistakes

These are the sourcing shortcuts that stall sites and fail inspections.

Cheapest over genuine

Counterfeit or under-spec material fails and fails inspection.

No written specification

'Send the usual' leads to the wrong grade on site.

Unreliable delivery

Late material idles labour and blows the schedule.

No quality check

Defective stock discovered only when it's installed.

No documentation

No warranty or test certificate when you need to claim.

Single unverified supplier

One weak link stalls the whole project.

Supply you can rely on.

Genuine materials, delivered when you need them.

Every ITIHAS project is personally overseen by a Managing Partner who holds the credentials most firms in this space simply don't. One firm. One accountable engineer. What we commit, we deliver.

- ✓ Chartered Engineer (CEng)
- ✓ BEE Certified Energy Auditor
- ✓ IGBC Accredited Professional
- ✓ ECBC Professional
- ✓ ISO 45001:2018 Certified
- ✓ NISM-CRISIL ESG Risk Analyst

Price locked upfront

A transparent, itemised BOQ before any work starts.

What we commit, we deliver

Approved scope & materials — zero substitutions.

Supervised every day

A dedicated engineer owns quality at every stage.

Committed handover

A milestone schedule and a handover date we keep.

Before you award a supply order

Ask any supplier these questions. The right partner answers all clearly.

- ☐ Are brands and grades stated in the quotation?
- ☐ Are the materials genuine and warranty-backed?
- ☐ How is quality checked before dispatch?
- ☐ Can you commit to our delivery schedule?
- ☐ Do you provide invoices, warranties and test certificates?
- ☐ What happens if material arrives defective or wrong?
- ☐ Is the pricing itemised and transparent?

Need reliable material supply?
